

SUMMARY

As a licensed architect with a flair for creativity, I bring six months of diverse experience in both onsite and offsite roles within a construction firm. My responsibilities encompassed planning, detailing and verifying projects, while also overseeing onsite implementation. In addition to my professional endeavors, I've undertaken small freelance projects for friends and family, showcasing my commitment to design excellence. Known for my sincerity, receptiveness to new ideas and passion for continuous learning, I thrive in environments where innovation and exploration are valued.
