## ARCHITECTURE STUDENT

## ABOUT ME

I am Devyani Prasad. As an architecture student, I strive to blend practicality with creative vision in my work, believing that architecture serves as a powerful medium for positive change.

My approach to design is rooted in sustainability, minimalism, and a deep respect for cultural heritage, which I aim to integrate thoughtfully within each project.

I am committed to combining architectural research with design thinking to create spaces that not only inspire but also contribute meaningfully to society.
